Glacier

Inset

Out Area

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

¹ A " " following a place name indicates that the place is coterminous with a MCD. A " " indicates that the place is also a false MCD; the false MCD name is not shown.

² A " " following a block number indicates that the block number is repeated elsewhere in the block.

Inset

Out Area

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for the highest-ranking of these boundaries.

¹ A " " following a place name indicates that the place is coextensive with a MCD. A " " indicates that the place is also a false MCD, the false MCD name is in shown.

² A " " following a block number indicates that the block number is repeated elsewhere in the block.

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

¹ A * * * following a place name indicates that the place is coterminous with a MCD. A * * indicates that the place is also a false MCD; the false MCD name is not shown.

² A * * * following a block number indicates that the block number is repeated elsewhere in the block.

The diagram illustrates various types of boundaries and their corresponding symbols. It is organized into two columns with labels on the left and symbols on the right.

- Highway:** Represented by a thick black line with white dashed lines on either side.
- Secondary Road:** Represented by a thick black line with white dashed lines on either side, similar to the highway but slightly thinner.
- Jeep Trail/Walkway/Path:** Represented by a thin black line with small white dashes on either side.
- Railroad:** Represented by a thick black line with small white circles on either side.
- Property/Fence Line:** Represented by a thin black line with small white circles on either side.
- Nonvisible Boundary:** Represented by a thin black line with small white circles on either side, similar to the property/fence line.
- Stream/Shoreline:** Represented by a blue line with wavy, irregular edges.
- Intermittent Stream:** Represented by a blue line with wavy, irregular edges, similar to the stream/shoreline but with a slightly different pattern.
- River / Lake:** Represented by a blue line with wavy, irregular edges, similar to the stream/shoreline but with a slightly different pattern.
- Claster:** Represented by a blue line with wavy, irregular edges, similar to the stream/shoreline but with a slightly different pattern.
- Inset:** Represented by a gray rectangle with a black border and a small white circle in the center.
- Out Area:** Represented by a gray rectangle with a black border and a small white circle in the center.

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

¹ A * * * following a place name indicates that the place is coterminous with a MCD. A * * indicates that the place is also a false MCD; the false MCD name is not shown.

² A * * * following a block number indicates that the block number is repeated elsewhere in the block.
